HESTER WILL HAVE REAL GAME SUNDAY

Grand Junction Shopmen Promise to Give Salt Lake Stiff Battle.

Special to The Tribune.
GRAND JUNCTION, Colo., March 25.—The Skycrappers' lineup will be practically complete next Sunday, when the team meets the local Rio Grande shop team. Morgan, Knapp, "Lefty" Allen, Schultz and Burkhart can work out on the firing line, with Stripp and McClain behind the bat. Hester will take his old place at first and Potts will be at short. A couple of the pitchers will be at second and third, as Bradshaw and Caldwell will not be here until after the 1st of April. Hester, Morgan, Knapp, Allen, Schultz and Burkhart are the best young material that could be gathered around the county.

Gale and Potts, like Hester, spent last winter in Grand Junction with the Great Falls bunch.

Knapp laid off this afternoon because of a mangled thumb. He didn't want to interrupt the healing process.

A fast and peppery worker, following the throwing practice for the pitchers, kept the youngsters on the jump. Hester and Stripp hit and four men in the row had a hard time keeping two balls working. This practice is a great scheme for limbering up creaky backs and petrifed muscles.

Morgan is getting into shape better than the rest, although "Lefty" Allen is doing good for the first day or two on the field. Morgan is a most willing worker and looks ready for the beginning of the season fight now.

Stipp refuses to let Hester break a curve ball, demanding that he develop his control.

The boys can drop 'em into the tin can all day. Stripp says the pitcher, Knapp is playing in hard luck. He has not had a chance to show what he can do, on account of his sore thumb. He is good with the bat, and is learning to hunt with proficiency.

Hester is still worried about the Feds getting Morgan and Knapp. The St. Louis Feds are after the former and both the Brooklyn and Baltimore independents claim the latter boy. Knapp says they will have to pay him to get him. More than anything else, Hester wants to know what he is going to draw when Branch Rickey sorts out his backstop. McClain is as good as in the circuit, but the strange manner wants to know who is going to relieve him.

Slater With Boise.

Howard Slater of Spokane, who is to try for a place on the Boise infield, arrived Monday night, and will be there strong with the irrigation crew today, says the Boise Statesman. He is a clean-cut young fellow and every inch an athlete.

It is Slater who is apt to give Fred Clark a run for the first base job. Jensen has by no means decided where to play him, but if he shows well at the beginning he may get a crack at it.

Slater comes from Spokane. He was

ED FERGUSON EASY FOR GEORGE NELSON

Salt Lake Fireman Wins in Main Event; Visser Tumbles Rider in Hard-fought Match.

Special to The Tribune.

OGDEN, March 25.—The Salt Lake and Ogden fire department broke even at the Ogden theater here tonight, when George Nelson of Salt Lake defeated Ed Ferguson in straight falls and Peter Visser of this city obtained two falls from Charles Riser of Salt Lake.

In the third event of the evening, Chester Sharer of Ogden and Virg Marks of Salt Lake wrestled fifteen minutes to a draw.

Ferguson was outclassed in the main event, Nelson demonstrating that he was the better man in every department of the game. For the first fall Ferguson succumbed in seventeen minutes and his shoulders were to the mat in the second fall in eighteen minutes. The men had been on the mat for a few minutes when George Nelson charged that Ferguson's back was greased. Referee Thornton offered to stop the bout until he could investigate, but Nelson declared that he would win nevertheless. Soon afterward Nelson put on a toe hold. The second fall was made with a head clench and a backlock.

Visser and Riser furnished a real match. The Ogden man pinned Riser for the first fall after two minutes and twenty-five seconds of wrestling with a head scissor and bar lock. His second fall was obtained with an arm hold in one minute and forty-five seconds of fast work.

The matches were not well attended and only a small amount was realized for the firemen's association fund, under whose auspices the bouts were held.

JOE CHOYNSKI HEIR IN CHINAMAN'S WILL

CHICAGO, March 25.—Joe Choyinski, former prize fighter, has been left a legacy of \$10,000 in the will of Jim Pon, a Chinese, whom the boxer befriended years ago. Jim Pon died a few days ago and his son, Ned Ying and Ben Ying, agreed to open the safe in their father's twenty-second street apartment. "The Garden of the Seven Lilies," wired to their old friend, Choyinski. The boxer reached Chicago today and with him brought a safe expert. In a few minutes the big steel door swung open and on top of a pile of papers was found Pon's will. It applied Choyinski as executor and guardian of Jim Pon's son and awarded him a substantial part of a good-sized fortune.

The act of kindness toward Pon was in sending his boys to school. Later, when Jim Pon became wealthy, he sent Ned Ying to China, where a boy married a girl and returned to America, leaving his wife and their little child in China. He was killed by the immigration officials at Seattle, but Choyinski came to America's birth, and had him readmitted. Choyinski has arranged to have Jim Pon's little grandson join his father here and also arranged, in accordance with Jim Pon's will, to have both Ned Ying's wife and mother taken care of in China.

Varsity Boys Lay Off.

The cold weather on the west coast yesterday made it impossible for the baseball men to get out. Coach Hunt, who has been working very hard with the boys, took a number of them into Coach Benulis's office and put them into a lot of stuff that they never knew before. Hunt also took a look at many sore arms and prescribed a good rub down.

Franks Call Meeting.

The Franks baseball team will hold a meeting at the Spaulding store at 22 o'clock Friday evening. All the players are requested to be present. The officials are looking for some good catchers. Anyone wishing a tryout should see Manager Rocco at 7:30 Friday evening, the time of the meeting.

AMERICAN AVIATORS IN WORLD FLIGHT

NEW YORK, March 25.—Two American aviators, Lincoln Beachey and "Bob" Fowler, have announced their intention of entering the world race, to start from the Panama-Pacific exposition grounds in San Francisco next year.

The purpose of the race is to make the world tour in the shortest time possible. The race will be a round-the-world race, starting from San Francisco, going around the world and returning to San Francisco.

Beachey called on the Germans today for Europe. After announcing to Mr. Krueger that he would compete in the world flight, he has gone abroad in search of two or three hundred dollars to use in the flight, which he hopes to make in a few days.

Beachey found the machine was not suited to his long-range experiments, but, upon his return, he plans a flight in it, preliminary to entering the round-the-world race from the Pacific to the Atlantic coast by way of Texas, covering the distance in short hops.

"Bob" Fowler, whose home is in Gilroy, Cal., made a flight from Los Angeles to the south Atlantic coast several years ago.

COLLEGES WILL FIX SCHEDULE SATURDAY

Special to The Tribune.

LOGAN, March 25.—Coach Teezel of the Agricultural college will be in Salt Lake Saturday to preside over a meeting of the Utah inter-collegiate association, which will be held there.

The purpose of the meeting is to arrange the schedule for the inter-collegiate baseball games and fix a date for the state track meet.

The state tournament at the A. C., which began in section 18, of the fraternal agreement.

If the major league club and the claiming minor league club cannot agree on an optional price, the president of the leagues of the respective clubs shall determine the consideration, provided, however, it shall not be less than the amount fixed in section 18, above quoted.

Section 18 does not change the system of returning drafted players as described in section 9, article 1 of the national agreement and regulated by rule 32 of the commission, in any respect.

A drafted player who has not been claimed before February 1, following his selection, becomes subject to section 15 when released by a major league to a minor league club.

Chiefs Surprised.

CHICAGO, March 25.—Charles Comiskey, president of the Chicago American league, was surprised to learn that the Chicago Federals, both said today they knew nothing of the decision announced by Buck Weaver, the Chicago American shortstop, to join the Federals.

"I really do not think he will sign with the Federals," Comiskey said. "All my players have signed contracts."

Weighman said he knew of no offer being made to Weaver. "The Chicago club has made no attempt to get him," he said. "It will not do so if I can prevent it. I said when I went into this venture that I did not propose meddling with players belonging to Mr. Comiskey."

Feds Will Be Strict.

NEW YORK, March 25.—President Gilmore of the Federal league, in discussing the discipline which will be enforced on Federal league diamonds, today said the league's umpires have been instructed to rule firmly.

"We will go even further than the National and American leagues in preserving discipline," he said. "Any player who

WEAVER AND SCOTT GET FEDERAL OFFERS

White Sox Shortstop and Pitcher May Jump to New League.

SANTA ROSA, Cal., March 25.—Before leaving here today for Oakland, Joe Weaver, shortstop of the Chicago White Sox, told friends that he had definitely decided to sign with the Federal league, unless the White Sox management met his terms. He did not say what his terms were or what offers the Federals had made him, but added that Jimmy ("Death Valley") Scott, one of the White Sox pitchers, also had a Federal contract under consideration and had come to the same conclusion. Weaver was offered \$20,000 for three years' service by the Federals.

RULE RELATING TO RELEASES DEFINED

CINCINNATI, Ohio, March 25.—The National Baseball commission today promulgated two findings and a notice to all national agreement clubs. The claim of the Cincinnati Reds, club of the Ohio State league for the services of Player Fillman was refused, the commission upholding a ruling of the national board in the latter's ruling that George R. Ort, manager of the St. Thomas club of the Texas-Oklahoma league. The commission also upheld the national board in the latter's ruling that the St. Thomas club of the Texas-Oklahoma league was not entitled to 15 per cent of the money obtained through the drafting of players. It had a contract calling for 15 per cent of all money realized by the St. Thomas club through the sale of players, but both the national board and the commission held that there was a wide difference between the sale of a player and the re-leasing of the player by draft.

Section 18 of the agreement with the National Baseball commission reads as follows: "Before a major league player shall be released outright or under an optional agreement to class A or a minor league club, the player shall first be tendered to all class AA clubs at a price not to exceed \$1000, and then to all class A clubs at a price not to exceed \$500. If he is a drafted player, the club from which he is drafted shall have prior claim to all other clubs in its classification."

There seems to be a misunderstanding as to the exact meaning of this particular clause.

The National Baseball commission makes application for inter-league waivers, it should at the same time notify the president of the league of which the player is to be released, and the player will be released unconditionally, outright, or under an optional agreement if waivers are obtained. An outright release is construed to mean that the player's transfer from one club to another, either with or without a consideration, and without the retention of the right to be recalled by the club from which he was released.

Under the optional price plan, the player must first be tendered to class AA and class A clubs at a price not to exceed the stipulated amount.

If it is the intention of the major league club to release the player under an optional agreement, then a price must be offered for the player not less than \$200, as stipulated in rule 13 of the commission, and not more than the respective amounts prescribed in section 18 of the fraternal agreement.

If the major league club and the claiming minor league club cannot agree on an optional price, the president of the leagues of the respective clubs shall determine the consideration, provided, however, it shall not be less than the amount fixed in section 18, above quoted.

Section 18 does not change the system of returning drafted players as described in section 9, article 1 of the national agreement and regulated by rule 32 of the commission, in any respect.

A drafted player who has not been claimed before February 1, following his selection, becomes subject to section 15 when released by a major league to a minor league club.
